S I R:

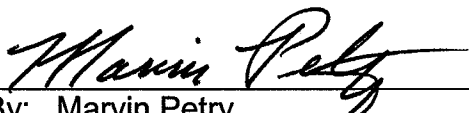

Further to the Amendment filed July 29, 2008 in response to the Office Action of March 20, 2008, Applicant submits the following remarks.

Upon reviewing the remarks of the July 29, 2008 Amendment, Applicant noticed an obvious clerical error in which the words "do not" were absent from the fifth paragraph on page 5 of Attachment A, the Remarks section. The paragraph should have been "Further, Applicants respectfully submit that upon review by the Examiner, the Examiner will find that the additional references cited in the contemporaneously filed IDS do not anticipate or make obvious the present invention" (emphasis added). The omitted words were an obvious oversight.

In view of the July 29, 2008 Amendment, and the remarks provided herein, it is submitted that the present application is in condition for allowance.

Respectfully submitted,

Date: August 15, 2008
